

TROPICAL STORM/POSSIBLE HURRICANE GORDON UPDATE

The Okaloosa Island Fire District would like to provide you with an update on the operations as they relate to Tropical Storm/Hurricane Gordon. The Emergency Operations Center (EOC) is operating at Level 3, which means they are currently only monitoring the storm track and future landfall. The EOC will **NOT** be activating for this storm. The EOC states that the area will experience storm squalls around mid-day and into the night. The National Weather Service (NWS) states, “We should not see sustained tropical force winds.” The Okaloosa Island Fire Chiefs and staff are monitoring the situation and will provide updates as needed.

Should you have any questions, please contact the on-duty shift officer at (850) 244-5373 x1.
